Discussion

How are you doing today?

It's not so good in China.

We found 400 cases in this province.

That is the population of this province.

It's about 20 million people.

I live in Serbia. The population of Serbia is about 8 million people and in last 24 hours we had 495 confirmed cases.

This variation of the virus is not harmful.

What do you sell?

I sell personal care products.

What is special about the products that you sell?

People are not controlled by emotions, people use emotions as tools.

Latin

macro(ancient Greek):big e.g. Macroeconomy micro(ancient Greek):small e.g. Microeconomy, microscope
