

How To Speak English Fluently

Discussion

How will you decorate the house? We talked to interior designer three times.

What are your plans for today?(future)

After this class I will prepare for dinner. Then I am going to go for a walk in the evening.

What did you do today?(past)

I went back home this morning I stayed in the hospital for five days to have a medical check-up.

There have many people in China(mistake - in English language we don't use have for this situation, we use the verb "to be".)
