

# Is Essential To Develop Career Before Getting Married?

## Discussion

How are you doing in the second class? (how do feel right now?)  
I feel good.

What did you do during the break?  
I drank some water and ate a little bit fruit.

What fruit do you like?  
I like a melon.

We are talking about fully developed career. You start making money before your becomes fully developed.

Is it really necessary to develop the career before getting married?

A woman graduates from law school. She just got a job. She started her career. She she wait to be become the famous lawyer before she gets married or she can get married right away, if she wants.

If a woman want to have a baby, it's better to do it when young.

It's seems that having a family is a harder decision for women. Isn't it?

during the pandemic  
since the pandemic happened

during the pandemic happened(WRONG)

What was this dialogue about?  
It was about developing career before getting married.
