

Discussion

How is the weather? It's cloudy and the temperature is 34 degrees Celsius.

Besides working did you do anything else?

I watched PMP video after lunch.

What is PMP?

Where can you watch these videos?

I can have applied for this course in education center.

How long is the course?

I need to study for three months.

Why did you decide to take this course in the first place?

I decided to apply for master's of engineer management degree.

It's not required. So, would it be more efficient and goal-oriented if you just started your master's degree education?

What do you think about appraisals?

What is the point of an appraisal?
