

Love on the Spectrum

Discussion

How are you doing today?

It was a tiring day.

Why was Saturday so busy?

I was on exhibition on Shenzhen.

What was being exhibited?

It was a gift exhibition.

How were these exhibits special?

It's from an e-commerce platform Alibaba.

This was a product promotion.

Why did you go on this exhibition?

I wanted to get more news about e-commerce. I want to get an inspiration.

I went there to get as much of information as I can.

Did you get the information?

Yes, I did.

I have seen this movie for a long time.

The doctor who diagnosed autism wasn't very knowledgeable.

Why didn't his parents investigate that?

I have no idea with them.

What are the biggest challenges when looking for love?

Do you cook?

No, I don't.

I order food very often.

What kind of food do you eat?

You don't follow any particular diet. After I took personal training courses, my personal trainer told me that I don't need to follow a certain diet.

The research shows that being lean(having very low body fat) increases longevity(year that a person is alive).
