

The Job of a Car Mechanic

Discussion

Has something new happened?

Recently it's very hot, almost 40 degrees Celsius.

Does Covid-19 affect your trip?

blue-ray light blue light

How would you describe a job of a car mechanic?

It's a very important job. It's very tiring. They have to work very hard. Everyone has to work hard these days.

Their working environment is not good. Why?

They have to work in very hot environment.

Do you think that job of blue-collar workers is more difficult compared to white-collar workers?

Blue-collar workers use their physical abilities while white-collar workers use their cognitive abilities while working.

This is what I meant.
