Tea can make our bodies healthier.

I am a huge coffee drinker.

They might drink a cup of coffee during the day.

I don't think young generations in China are interested in tea drinking culture in China.

A lot of western things have been accepted in China, and all over the world.

Bubble milk tea? I find this tea to be too sweet.

You can order sugar-free bubble milk tea.

You can ask the barista not to put sugar in your drink.

Coffee and tea contain a substance called caffeine. Caffeine, gives your burts of energy, so when you are studying or working, coffee can improve your effency.

Now, I don't put any sugar. It's very bitter.

You can easily get used to it, and you can then experience the real taste of coffee.

Just don't drink it very late at night.

If you drink tea or coffee you should drink a glass of water.

Do you know why?

Because coffee and tea dehydrate you.

Some people are allergic to caffeine.
