

Working From Home.

Discussion

How are you doing today? (How are you?)

I am great.

What did you do today?

I had a meeting in the afternoon. We discussed some innovation ideas.

How did the meeting go?

We decided on two ideas.

How is the weather today?

It's cloudy. Clouds are very beautiful.

The temperature is about 35 degrees Celsius.

Next months I will get my own parking space for only one month.

There are only 30 parking lots in my company.

I don't think it's worth.

It would be a reward if it was permanent.

There are two parking lots in total for innovation team.

What is your opinion about working from home?

If I don't have emergency tasks.

You are talking about emergency tasks like something that is very common?

How is it easier to work from office in the case of emergency?

You couldn't explain that you are busy?

I couldn't do it.

What technology do you need to work from home?

I use cable connection because it's far more stable and secure than WiFi.

Someone can use a repeater, and copy your wifi, You can connect to that repeater because it will mask your WiFi and they can steal your data.
