Grammar

Comparative

Comparative is a form of adjective or an adverb which used when we compare two things.

There are three ways to make comparative:

1. Short adj. or adv. - less than 2 syllables: word + er. small - smaller
big - bigger
fast - faster

2. Long adj. or adv. - more than 2 syllables: more + word. more beautiful
more interesting
more impressive
more amazing

3. Irregular form - you just have to learn them. good - better
bad - worse
far - further
